Directive 2004-44
October 26, 2004

ALL COUNTY BOARDS OF ELECTIONS

TO: Members, Directors & Deputy Directors

Procedures for pre-challenges to voter registration

R.C. 3503.24 states that a hearing must be held on any pre-challenge brought against the voter registration of a voter. R.C. 3503.24 states that the board shall reach a decision on all applications and challenges immediately after this hearing. In an effort to bring consistency to the handling of these pre-challenges, I am directing the boards to follow the below procedure for handling any voter removed from the voter registration list. Again, the determination of the removal of any voter from the voter registration list is made by the members of the boards of elections based on the individual circumstances of each voter.

Any pre-challenged voter the board determines to be removed from the voter registration list shall be so removed on a conditional basis. If a voter who has been pre-challenged and removed from the voter registration list attempts to vote on Election Day, poll workers should be instructed to provide the voter with a provisional ballot. The poll worker must ask the voter to sign all required affirmation statements as required by law. If the voter signs all required affirmations and is then determined by the board after Election Day to be a qualified elector at an address in the proper voting precinct, that voter will be reinstated to the voter registration list and their provisional ballot will be counted if it was cast in the proper precinct. Any voter who refuses or otherwise fails to sign the required affirmations or who casts a ballot in an incorrect precinct shall not have their provisional ballot counted in accordance with state law. Any voter who is determined to be legally qualified at the hearing shall remain on the voter registration list and is to be given a regular ballot if they come to vote.

With this direction, counties must keep the voter registration records of all conditionally removed voters in order to be able to check any provisional ballots that may be cast. Any tie-vote of a board of elections on the removal of a voter from the voter registration list shall be determined by this office to be a non-decision by the board. In this situation the board should instruct poll workers to provide these voters with undetermined registrations a provisional ballot if they appear at the polls. This will then allow the board of elections to make a determination of the validity of these voter registrations after the election as the board considers the provisional ballot of each voter.

Also, our office has been asked if during the hearing process the board can consolidate like cases in to one motion. If any pre-challenged voters do not appear before the hearing, our advice is that boards may consolidate these types of cases instead of voting on each individual challenge. Please remember though that any person challenged has the right to appear and testify, call witnesses, and be represented by counsel. We also do recommend that you keep your county prosecutor involved with every step of your process.

If you have any additional questions regarding this process, do not hesitate to contact our Elections Division at (614) 466-2585.

Sincerely,

Ohio Revised Code – Applicable Statutes

§ 3503.26. Custody of records and lists; inspection and copying.

(A) All registration forms and lists, when not in official use by the registrars or judges of elections, shall be in the possession of the board of elections. Names and addresses of electors may be copied from the registration lists only in the office of the board when it is open for business; but no such copying shall be permitted during the period of time commencing twenty-one days before an election and ending on the eleventh day after an election if such copying will, in the opinion of the board, interfere with the necessary work of the board. The board shall keep in convenient form and available for public inspection a correct set of the registration lists of all precincts in the county.

(B) Notwithstanding division (A) of this section the board of elections shall maintain and make available for public inspection and copying at a reasonable cost all records concerning the implementation of programs and activities conducted for the purpose of ensuring the accuracy and currency of voter registration lists, including the names and addresses of all registered electors sent confirmation notices and whether or not the elector responded to the confirmation notice. The board shall maintain all records described in this division for a period of two years.

[§ 3599.16.1] § 3599.161. Prohibiting inspection of election records.

(A) The director of elections, deputy director of elections, or an employee of the board of elections designated by the director or deputy director shall be available during normal office hours to provide any person with access to the public records filed in the office of the board of elections.

(B) No director of elections, deputy director of elections, or employee of the board of elections designated by the director or deputy director shall knowingly prevent or prohibit any person from inspecting, under reasonable regulations established and posted by the board of elections, the public records filed in the office of the board of elections. Records relating to the declination of a person to register to vote and to the identity of a voter registration agency through which any particular person registered to vote are not public records for purposes of this section.

(C) Whoever violates division (B) of this section is guilty of prohibiting inspection of election records, a minor misdemeanor, and shall, upon conviction, be dismissed from his position as director of elections, deputy director of elections, or employee of the board of elections.

He went on to say that the Secretary of State needs to update legislation on the Challenger-Witness section of the ORC. Re: *Moss v. Bush*

Dear Mr. Fitrakis:

I am writing this letter to you pursuant to my obligations under Ohio R. Civ. P. 37. Today, I received a copy of notices of deposition and a demand that various county boards of elections spend a considerable amount of time today producing copies of documents for your inspection tomorrow. This package also demanded that depositions take place on Wednesday.

As you know, the Ohio Rules of Civil Procedure require a minimum of 14 days for compliance with a subpoena. Ohio R. Civ. P. 45(C)(2)(b). You failed to ask the Court to allow for expedited discovery. Furthermore, you failed to ask me about my availability prior to scheduling any of these depositions.

Your actions in this case are frivolous. First, you have attempted to issue a notice of deposition to a non-party for attendance at a deposition. Such a request is a nullity under the Ohio Rules of Civil Procedure. Second, your notices and subpoenas do not allow for an adequate time to respond and are, therefore, void. Third, if you wish to engage in expedited discovery in this case, the proper method for doing so would be to reach an agreement with all parties, or to ask the Court for an expedited discovery schedule. You failed to do either.

You must immediately withdraw your requests for documents and depositions. You must fax a letter to me and to the Hamilton, Mercer, Miami, Shelby, Warren, Greene, Delaware, Clermont, Butler, and Auglaize County Boards of Elections and Prosecutors' offices no later than 3:00 p.m. today informing each of those entities that you are withdrawing your requests. If you fail to do so, we will be forced to file a motion for protective order under Rule 37 and will seek the full protection and remedies of that Rule.

I look forward to receiving confirmation that you will withdraw the requests you have made to the various counties for documents and for depositions. I also look forward to receiving assurances that you will comply with the Ohio Rules of Civil Procedure in any future matters in this case.

Sincerely,

Jim Petro

MESSAGES TO THE BOARD

Patrick Soudan's name is misspelled in the sign
books as Jordan - 3050 Stardust Dr. Sub #157

Kristofor Swanson does not live in our precinct ^(moved) now.
asked by Jo Smith old address 3246
Nancy M. Botts and Douglas Botts moved 3393 Claydon (new)

James E. Kueke - Wrong signature by name - his
name verified C. D. Keene

Walter H. Casento is Casento

Jemie Killingsworth was in our books & signed, but
doesn't live here & was sent to another precinct - ^{did not} receive ballot

Pages were torn out of the poll books, that we
didn't need, to donate to two other precincts
because they didn't have enough pages for
their voters to sign on.

We also donated green secrecy envelopes to another
precinct to which they wrote their precinct #
because they ran out of envelopes.

The observer in our voting room said she couldn't
hear or see, so what good did she do?

Unfortunately, we had two people assigned with ballot
263. We don't know why. We tried to figure it out.
So this is why our #'s are off one.
